

High-Powered Riding MowerSpeed Demon 500

Happy Father's Day and Congratulations on qualifying for the first annual HRMSPD 500 – the High-Powered Riding Mower Speed Demon 500!

Our scouts have been following your lawn mowing routine and researched your driving record – and we think that you have what it takes to drive one of our high-powered riding lawn mowers in the nation's fastest, toughest, wildest motorized speed race.

That's right, Dad. We've tracked your straight-line cuts and the fine hairpin curves you slice around the rhodies. We've seen you weave through the flowerbeds like silk through a loop. We've read how you've accumulated more minor speeding tickets than a pimple-pocked 16 year-old with a new Nissan. We know you're not just the average, weekend-warrior-in-the-garden dad. You're our kind of life-in-the-fast-lane mowing machine!

So, put down that tame, domestic ride you've been putting around with. It's time to trade up & take it to the big leagues!

Each one of our souped-up mowing monsters is cable of 0-20,000 BoG (blades of grass) in less than 25 feet and can bag 500 yards without a pit stop. These maniacal machines can rattle the dentures out of a healthy 70 year old. They are louder than a Boeing 747 on the flight line. And, the nitro boost in these babies can leave a '73 Pinto dead on the starting line. This is NASCAR for the real man.

Drop your socks, and grab your clock! Get your bag, it's time to drag!

We'll expect to see you at the HRMSPD Trials this coming Monday at 6:00 a.m. As a Happy Father's Day present, your family chipped in the \$2,000 (non-refundable) Entry Fee, so just bring the signed entry form below with you Monday and you'll be hugging green-cut corners in no time. And, just think – the race is a full 500 laps! That will be at least 38 hours of hard, fast, bone rattling riding fun for you! It's just too cool, isn't it?
